

# PizzaDronz Test Log

Matthew Davidson

January 27, 2023

Requirement	Issue	Fix
F8	Function is only checking length of string, not that all characters are digits	Change length check to a regex that only matches digits of length 16
F8	no issue, fully completed tests, all pass.	n/a
F7	Test kept failing due to an invalid date when it should have been valid. When generating random dates, they were being passed in with the format 9/23 or 2/23 rather than 09/23 or 02/23	prepend a 0 when the generated month was less than 10
F7	no issue, fully completed tests, all pass.	n/a
F9	no issue, fully completed tests, all pass.	n/a
F2	no issue, fully completed tests, all pass.	n/a
